RE: Michelle Bastian
Vibrational Therapy and Healing

To Whom It May Concern:

My husband Adam and I are owners of Starland, a children's creativity center and have recently had the wonderful opportunity to work with Michelle Bastian. On May 6, 2006, we held a charitable fundraiser for the Y-Me Breast Cancer foundation and Michelle worked the event by providing vibrational therapies for donations to the cause. We had a good turnout and were lucky to have people like Michelle be a part of it.

During the event, I was able to observe several people work with Michelle. Among them was my own father, who recently underwent heart surgery. My father relayed to me that he felt quite calm and relaxed after his session with Michelle.

After the fundraiser, Michelle took the time to work both with Adam and me. It was the first time that I had ever undergone vibrational therapy and was surprised that the results were so immediate. Owning and operating our new business has put us under tremendous stress, but after working with Michelle, I felt both invigorated and at peace. Adam and I both enjoyed our experience with Michelle and would love to work with her again. We would recommend her services to anyone who needed it.

If you have any questions, please feel free to contact us. Thank you.

Sincerely,
